Corporate Governance Guidelines

The Board of Directors (the “Board”) of CapStar Financial Holdings, Inc. and its subsidiaries (collectively, the “Company”) has adopted the following corporate governance guidelines (“Guidelines”). These Guidelines, together with the charters of Board committees and the Company’s other corporate governance documents and practices provide the basis for governance of the Company. These Guidelines address the Board’s governance role and functions and should be interpreted in the context of all applicable laws and the Company’s charter, bylaws and other corporate governance documents.

The Nominating, Governance and Community Affairs Committee will review these Guidelines on an annual basis or more often if deemed necessary.

Board of Directors

A. Function and Responsibilities

The primary function and responsibility of the Board of the Company is to oversee management and the business, affairs and operations of the Company and its subsidiaries, either directly or through committees, assist in defining the policies, direction and goals of the Company and provide an effective corporate governance framework for the Company. Directors are expected to exercise their business judgment to act in good faith in what they believe to be in the long-term best interests of the Company and its shareholders. To discharge this obligation, directors may rely on the honesty and integrity of the Company’s senior management and its outside advisors and auditors as to matters the director reasonably believes to be within such other person’s professional or expert competence and who has been selected with reasonable care by or on behalf of the Company.

B. Board Size and Composition, Director Qualifications, Nominations and Selection Criteria, and Other Membership Matters

Board Size and Composition: The Company’s charter provides for a Board of five to twenty-five persons serving one-year terms. The Board shall be responsible for fixing the precise number of directors. A majority of the Board shall be comprised of independent directors, as independence is defined under all applicable requirements of the Securities and Exchange Commission (the “SEC”) and on any exchange on which the Company’s stock may be listed, as in effect from time to time (“Independent Directors”). One or more of the directors must qualify as an “audit committee financial expert,” as defined under applicable rules and regulations of the SEC.

Director Qualifications: All directors shall meet certain minimum qualifications (including those set forth in the Bylaws) and possess certain qualities or skills. As set

forth in the Charter of the Nominating, Governance and Community Affairs Committee, each director should:

1. Be of the highest character and integrity, with an inquiring mind, vision, a willingness to ask hard questions and the ability to work well with others;
2. Be free of any conflict of interest that would violate any applicable laws or regulations or interfere with the proper performance of the responsibilities of a director;
3. Be willing and able to devote sufficient time to the affairs of the Company and be diligent in fulfilling the responsibilities of a director and Board committee member, as applicable (including developing and maintaining sufficient knowledge of the Company and its industry; reviewing and analyzing reports and other information important to Board and committee responsibilities; preparing for, attending and participating in Board and committee meetings; and satisfying appropriate orientation and continuing education guidelines); and
4. Have the capacity and desire to represent the balanced, best interests of the shareholders as a whole and not primarily a special interest group or constituency.

No person shall be eligible for election or appointment to the Board as a director if such person:

1. Has, within the previous 10 years, been convicted or admitted to any violation of law, securities regulation, banking regulation, or rules of any self-regulatory organization which is or could be relevant in any respect to a bank's business, operations, reputation or regulatory status, or involves any criminality;
2. Has, within the previous 10 years, been the direct subject of supervisory action by a financial regulatory agency that resulted in a cease-and-desist order or an agreement or other written statement subject to public disclosure that expressly sanctioned such person's conduct;
3. Is a party (either directly or through an affiliate) to litigation or an administrative proceeding adverse to the Company, except (A) derivative litigation brought in the name of the Company by the director in his or her capacity as a shareholder of the Company, (B) litigation otherwise arising exclusively out of such person's rights as a shareholder of the Company (including, but not limited to the nomination of directors or shareholder proposals as contemplated hereunder or under Tennessee law or federal securities laws), or exclusively relating to the election of directors of the Company, or (C) litigation related to the enforcement of such person's rights under the Bylaws or the Charter, or arising under any employment, consulting, indemnity or similar agreement arising out of or relating to such person's service as an employee, director, officer, agent or other representative of the Company; or

4. Serves as an employee, on the board, or as a 10% or greater shareholder of any depository institution that is headquartered, has a branch or office or otherwise actively conducts business in any county or metropolitan statistical area in which the Company or any of its subsidiaries has a branch or office (a “Competing Institution”); provided that the Board may determine that an individual (A) who serves solely as an independent director of an otherwise Competing Institution whose level of competition is immaterial or incidental, based on revenues derived from the county or counties or metropolitan statistical area or areas in common and (B) who receives an exemption, or is otherwise not restricted from service, under applicable interlocks regulation, is eligible for election or appointment to the Board.

Nominations and Selection Criteria: The Nominating, Governance and Community Affairs Committee shall identify individuals qualified to become Board members, recommend individuals to be nominated by the Board for election and nominate candidates for election to the Board in the event of a vacancy between shareholder meetings. The Committee’s criteria for identifying, reviewing and selecting potential director nominees for election to the Board shall reflect a minimum all applicable laws, rules, regulations and listing standards. To identify a candidate to fill a vacancy on the Board, the Nominating, Governance and Community Affairs Committee seeks recommendations from the Company’s directors. The Board believes that the Company’s directors are in the best position to identify individuals with the necessary qualifications, qualities and skills to serve the Company and its shareholders. To evaluate a director candidate, whether recommended by the Nominating, Governance and Community Affairs Committee or a shareholder, the Committee shall consider and assess the skills and background of the individual and any other issues and factors that the Committee deems appropriate, including an individual’s integrity, education, business experience, accounting and financial expertise, age, diversity, reputation, civic and community relationships, knowledge and experience in matters impacting financial institutions such as the Company, and the ability of the individual to devote the necessary time to serving on the Board.

Selection of the Board Chair and Chief Executive Officer: The Board shall select the Chair of the Board, the Chief Executive Officer and the President of the Company and may authorize one or more of these Company officers to select other officers of the Company. The Board’s policy is not to combine the roles of the Chair of the Board and the Chief Executive Officer in a single person.

Term Limits: The Board does not set a limit on the number of terms a director can serve. The Board believes that, over a period of time, directors gain valuable knowledge, experience and insight into the Company allowing them to contribute more effectively to the Board. In lieu of term limits, when determining whether to re-nominate an incumbent director for election to the Board, the Nominating, Governance and Community Affairs Committee shall carefully consider the director’s contributions, including the value of his or her experience as a director of the Company, the availability of new director candidates who may offer unique contributions, and the Company’s changing needs.

Directors' Commitment: Directors must be willing to devote sufficient time, energy and attention to carrying out their duties and responsibilities to the Company and the Board effectively. A director who also serves as a senior officer of a company or in equivalent positions should not serve on more than four other boards of companies (including not-for-profit or service organization boards that are deemed by the Board to be equivalent) in addition to the Board, and other directors should not serve on more than four other boards of public companies (or private, not-for-profit or service organization boards that are deemed by the Board to be equivalent) in addition to the Board. The Nominating, Governance and Community Affairs Committee may, in its discretion, grant exceptions to this limit on a case-by-case basis.

Board Meetings and Executive Sessions

Meetings, Attendance, Agenda and Materials: The Board meets at least quarterly at regularly scheduled meetings, and Directors are expected to attend and participate in all meetings. No director may be recommended for re-election if he or she fails to attend at least 75% of the total number of Board meetings and the total number of meetings of committees on which such Director serves during a fiscal year, provided that the Nominating, Governance and Community Affairs Committee may consider exceptions to such policy for excusable absences. The Chair of the Board and the Chief Executive Officer shall jointly establish the agenda for each Board meeting. Directors may suggest items for the agenda or raise subjects that are not on the agenda. Directors will receive the agenda and appropriate supporting information, presentation materials and data in advance of Board meetings to provide directors sufficient time to prepare for meetings.

Executive Sessions: Independent Directors shall meet in executive session at each Board meeting, with no members of management and no non-independent directors present.

The Chair of the Board, who must be an Independent Director, will preside at all executive sessions of Independent Directors.

C. Director Compensation and Director Assessments and Periodic Evaluations of the Board

Director Compensation: Non-employee directors shall receive compensation in cash and the Company's stock for serving as directors of the Company. Cash compensation to directors will include an annual retainer, per meeting fees and reimbursement of out-of-pocket expenses. Director stock awards and stock options shall be granted pursuant to the Directors' Compensation Plan approved by the Company's shareholders. The Company believes director compensation should be competitive with other companies similar in size and scope to the Company and consistent with market practices. The Company's management shall annually evaluate director compensation in relation to similarly situated companies and recommend any changes to the Compensation and Human Resources Committee and the Chair of the Board and the Chief Executive Officer. The Board shall approve any changes to director compensation after considering the recommendations of the Compensation and Human Resources Committee and the Chair of the Board and the Chief Executive Officer.

Director Assessments and Evaluations of the Board: Per its charter, the Nominating, Governance and Community Affairs Committee has the responsibility of periodically evaluating the size and composition of the Board and recommending to the Board any changes. In addition, the Nominating, Governance and Community Affairs Committee has the duty to evaluate each new and incumbent director before recommending him or her to the full Board for election or re-election, taking into account the criteria set forth in “Nominations and Selection Criteria,” above, as well as whether a director has retired from his or her principal business enterprise and, if so, whether he or she has assumed or maintained a prominent role in a business or community organization since such retirement and whether such director continues to meet the criteria for Board members. In addition, the Board shall conduct an annual self-evaluation. Such evaluation will be designed to assess whether the Board functions effectively and makes valuable contributions to the Company. The evaluation will focus on the contributions made to the Company by the Board and the directors and specifically focus on areas in which improvements could be made.
